Please understand that it is not possible to join us with more persons than you reserved for. If you inform us in time some changes could be possibly effected. May be the following was not totally clear: we will pay the cost of the Event; the dinner, the boat, the band and the party. You are supposed to pay travelling cost and hotel (if necessary).

Also, we are putting energy to make life for you as easy as possible. Just a few simple marks will give us the needed answer. So for example, if you do not attend the Event, check the relevant box and send the fax back. If you do not send back the answers to our questions (also if negative) we can not act quickly.
