Telephone

Monday July 13, there will be installed a new telephone network at the Stage Accompany factory. Because of this we will be very difficult to reach on this day or even not at all. Please make a note of this in your diary.

Stage News 5

PLEASE return the next page of this fax regarding Stage News 5 as soon as possible. Think well about the number of copies you order! Number 4 is completely sold out and many of you asked for additional copies we could not supply. This is of course not our intention!, so please think well also regarding exhibitions in your country. Stage News 5 will be released **September 15**.

Stage News 6

Stage News 6 is planned for februari 1993. Please start thinking about possible cooperation from your side.

Self adhesives

The self adhesives are in stock again. Orders will be processed immediately (as listed on the pricelist under promotion materials)

Diaries 1993

We are considering making the small diary in a **special Stage Accompany version** (in English). This means for example a normal size saturday and sunday on the week pages (as many of our and your clients work on those days), interesting information about SA products; technical standards (such as XLR wiring etc) and of coarse pictures and diagrams. In total +/- 40 extra pages with Stage Accompany information.

We think this is a strong promotional item for your existing and new clients. Please return the questions on next page as soon as possible so we will know if there is enough interest among you. If not, we will proceed with the regular SA diaries (as last year). The special diary will cost about Dfl 17,- each (you will receive 10 free of charge). The minimum printing order will be +/- 2000 diaries (total) for this interesting price so please think well about the number you would like to receive).

The large diaries will be the same as last year. You will receive two large diaries free of charge. Additional diaries: Dfl 25,-
